

## ANOTHER GERMAN WITHDRAWAL IS EXPECTED

### CLOSE RACES IN TUESDAY'S ELECTION FINALLY DECIDED BY THE OFFICIAL COUNT

DAVIS WINS OVER DAVIDSON  
FOR SHERIFF BY 139 FIRST  
CHOICE AND 11 SECOND  
CHOICE VOTES.

#### McClellan Led Ticket

BRINDLEY BESTS LILE FOR  
REPRESENTATIVE BY 33  
VOTES AND KYLE DEFEATS  
ROUNTREE BY ONLY 24 VOTES

Close contests in the primary of Tuesday were finally decided late yesterday afternoon when the members of the county democratic executive committee, in session at the court house, announced the result of the official canvass.

Then, and not until then, was it known definitely that Porter Brindley, of Hartselle, had nosed H. T. Lile of Trinity out in the race for representative by only 33 votes, that Kyle for member of the county board of education had distanced Rountree by 24 votes, that Davis for sheriff had won over Davidson by 139 first choice votes, with eleven extra second choice votes to spare, and that Ferris for judge of the inferior court of Decatur had defeated Williams by the narrow margin of five votes.

The official count determined the fact that Brandon had carried the county by 355 first and second choice votes combined; that John H. Bankhead had received 1,371 votes for U. S. senator to 1,099 cast for Frank S. White; that Nathan L. Miller for lieutenant governor had received the strong endorsement of the county of his birth.

One of the outstanding features of the balloting was the fact that Judge Thomas C. McClellan received the highest vote cast in the county for any candidate with opposition, having led the ticket with a total of 1,548 votes. Judge McClellan is a son of the former chief justice and a citizen of Athens. He was first elected to the supreme bench at the age of 32, and thus holds the record as a "baby" justice.

The voters showed a preference for the names appearing first on the ballot. Beginning with governor, the lead-off candidate won clear through to the court of appeals, when the order was reversed and Samford piled up a big majority over Evans. In the race for member of the democratic state executive committee, A. G. Patterson led the field, with Col. Tennis Tidwell as second, John P. White, of Moulton, as third, Virgil Bouldin fourth and Inzer B. Wyatt, fifth.

Congressman Almon reduced the Callahan majority of two years ago by more than 500 votes, receiving only two votes less than were cast for Judge Wm. E. Skoggs for state senator. Sample, for solicitor, distanced Almon by 406 votes, while W. B. McCulloch for commissioner of the first district won over Jack Robinson by 172 votes.

The official count follows:

For Governor		1st.	2nd.
Wm. W. Brandon	1324	173

### Brandon Concedes Kilby's Election

(International News Service.)

Birmingham, Aug. 16.—Th nomination of Thos. E. Kilby of Anniston as governor of Alabama was conceded at the Brandon headquarters early this morning, after two days of uncertainty. At that time complete returns had been received from practically all of the 67 counties of the state. Judge Foster conceded the election of Mr. Kilby and left for Tuscaloosa to confer with Judge Brandon. Kilby's majority will be approximately 3,500. This is counting second choice votes. On first choice votes Kilby received 10,000 more than did Judge Brandon, his nearest opponent.

Nathan L. Miller has apparently been elected lieutenant governor, with Nesmith running second and Bulger a poor third. For attorney general J. Q. Smith has apparently won. W. P. Cobb has been elected secretary of state, Moffat running second. Aigood apparently has been elected commissioner of agriculture. Cooper and Gaillard have been re-elected to the public service commission. Samford is in the lead for associate judge of the court of appeals. For associate justices of the supreme court McClellan and Sayre have been chosen.

Early claims at amendist headquarters that the ratification forces would have votes enough to control both houses have been borne out by late returns, and indications now are that the prohibition amendment will be ratified by a good margin.

Brooks Lawrence stated at noon that he had no reason to change the figures given out by him Thursday at noon. He declared that the amendists were sure of 24 senators.

He declared that the amendists would have 70 of 106 representatives.

### U-Boat Destroyed Off U. S. Coast

(International News Service.)

An Atlantic Port, Aug. 16.—Members of the crew of a submarine chaser came into this port today highly elated over what they believed had been the destruction of the German submarine which has caused havoc among Boston and Gloucester fishing vessels. The crew reported that they had sighted the submarine late yesterday afternoon

and approached it under full steam. When the submarine submerged three depth bombs were dropped and it is believed she was sent to the bottom.

### ALMON WINS SPECTACULAR RACE FOR SOLICITOR BY 59 VOTES

D. C. Almon, of Albany, for the past eighteen years solicitor of the Eighth judicial circuit, has received the democratic nomination in the gruelling contest of Tuesday, defeating John R. Sample of Hartselle by 59 votes.

The race, one of the closest in the history of North Alabama, was not decided until 6 o'clock yesterday afternoon when the official canvass was completed in Madison county. With the final returns in from the other four counties of the circuit, Sample crossed the Madison county border with 13 votes to the good. It was only when the news was flashed that Almon had carried Madison by 72 votes that the suspense ended and the final figures were known.

Almon carried four of the five counties of the circuit—Lawrence, Limestone, Madison and Cullman. Morgan, the home county of the two candidates, gave Sample a majority of 406 votes.

#### State Committee Race Very Close

Another close race has developed as the official returns on the race for state committeemen from the Eighth district come in. At 2 o'clock, with Jackson county out, but with a lead there for the Patterson ticket of about 200 votes, it was apparent that four members of the Patterson ticket had won. Dr. Inzer B. Wyatt, of Huntsville, has apparently been distanced by Ed Johnston of the same city, although Col. Tennis Tidwell of Albany has a chance for the place.

The official vote from the six counties follows:  
Bouldin, 4468; Haley, 4182; Hill, 2101; Johnston, 4466; Koonce, 4863; Wann, 3412; Patterson, 4639; Tidwell, 4240; Wall, 3906; White, 4512; Wyatt, 4137.  
The leaders, with five to elect, are: Koonce, Patterson, White, Bouldin and Johnston.

The Almon majorities were:  
Cullman ..... 85  
Limestone ..... 173  
Lawrence ..... 155  
Madison ..... 72  
The Sample majority was:  
Morgan ..... 406

While the total vote cast has not yet been counted up, it was well within excess of 10,000 votes and probably near 12,000. That only 59 votes separated the winner and the loser best tells the story of the spectacular drive for honors by two of the leading attorneys of this section of the state.

Solicitor Almon received congratulations last night from many friends both at home and throughout the circuit. Mr. Sample, who was also in the Twin Cities, took his defeat good naturedly. He was also warmly congratulated on the great fight that he had made against one of the best known and most popular politicians in all Alabama.

#### "Whine" Warnings Sounded in France

(International News Service.)  
Paris, Aug. 16.—Warnings against any "whines from across the Rhine" and against any peace, at this time which would allow the German military party to declare for a new war, were sounded by a high French official today in an interview with the International News Service.

#### Deferred Classes May be Invaded

#### ALMON'S MAJORITY FOR CONGRESS 2516

RAN REMARKABLE RACE AND  
RECEIVED BIGGER MAJORITY  
THAN TWO YEARS AGO.

Ed B. Almon of Tusculum is the democratic nominee for Congress by a majority of 2,516 over W. W. Callahan of Decatur, according to complete returns from every county in the Eighth congressional district. The returns are official.

Congressman Almon carried every county in his district except Morgan and Lawrence, losing Lawrence by a small majority and cutting his opponent's majority in Morgan almost in half.

The official majorities are as follows:

Almon.	
Lauderdale	1,915
Jackson	881
Colbert	774
Madison	477
Limestone	84
Total	3,231
Callahan.	
Morgan	648
Lawrence	67
Total	715

Almon's majority in the district, 2,516.

Students of politics in North Alabama are authority for the statement that Judge Almon ran a remarkable race, having increased his majority of two years ago in spite of the fact that the district polled a smaller vote because of the large number of voters who have gone to war. In Morgan county his race was spectacular, a Callahan majority of more than 1,000 being cut to 648. Most of this decrease in the Callahan vote is attributed to the vote in Albany which went against Judge Almon two years ago by several hundred majority but which went against him this time by only 92 majority. In Mr. Callahan's home town of Decatur the Almon vote showed a decrease from two years ago. Judge Almon also showed a remarkable gain at Falkville and at Hartselle. He also showed more strength in Jackson, Colbert and Lauderdale counties, but his vote in Madison county fell off several hundred. Jackson county, which the Almon leaders contended would go strong for the congressman, gave him the biggest majority since the days of Joe Wheeler, Almon carrying 36 out of 38 precincts.

The Callahan strength was about equally divided between the cities and the country. Mr. Callahan carried Athens, Decatur, Hartselle, Albany, Elkmont and others, while Judge Almon carried Sheffield, Tusculum, Florence, Huntsville, Stevenson, Bridgeport, and for the first time, Scottsboro. He ran probably slightly better in the country than in the cities.

#### RUSSIA PROMISES SOON TO BECOME BIG BATTLE FIELD

(International News Service.)

London, Aug. 16.—Germany is planning an offensive against the Murman railway in Russia next month in the hope of being able to establish a submarine base in the Petchogua district, according to indications today.

In addition, German troops are endeavoring to seize Russian oil fields from the Armenians.

Already British troops have arrived at Baku from Bagdad and are co-operating in the defense of the Baku oil district.

There is a considerable force of British troops in northwestern Persia also.

Three allied movements southward from the Murman coast are planned, it is believed. Russia promises to become a gigantic battle field with the allies on two sides to drive out the Germans and wipe out pro-German influence, and already the campaign is under way.

(International News Service.)

British and French troops advanced on both the Picardy and Flanders front during the past 24 hours. British troops have reached the outskirts of Albert. French troops are at the threshold of Roze.

Lassigny is being slowly but surely enveloped. Without delivering any big scale attacks, the allies are harassing the foe with fierce local attacks. As the Germans give ground they are hotly pursued by cavalry and light infantry. The British are only six miles from Bapaume and are less than 10 miles from Comblès. On the southern end of the field the French are wrestling from the Germans the last of the ground taken in the offensive of June 9.

Another withdrawal has been made by the Germans in the Fere sector north of Albert on the Flanders front.

## ALMON'S SUPPORT OF

## ADMINISTRATION ENDORSED.

Official and complete returns from the seven counties of the Eighth congressional district show that Congressman E. B. Almon has received a greater majority than in his race of two years ago, when his contention that democratic precedent entitled him to a second term was sustained by the electorate. That he ran such a strong race against one of the ablest lawyers and most vigorous campaigners in the district may be taken as an endorsement of his attitude in loyally supporting the administration in its war measures. Although he exercised his prerogative of voting against a declaration of war, he has since that time been one of the staunch administration supporters, and this fact is heartily approved by his constituents.

The Daily, although it remained neutral throughout the race, is always ready to congratulate the winner and will support Judge Almon as the democratic nominee and as the next representative in Congress from this district. His splendid work for the Muscle Shoals development and his co-operation with the national administration in its war plans entitle him to the full confidence of the people he represents in the halls of Congress.

## MOULTON HOME IS ONE HUNDRED PER CENT PATRIOTIC.

(Moulton Advertiser.)  
Moulton can probably lay claim to the most thoroughly patriotic family not only in Lawrence county, but in the entire state of Alabama, and there is none in the whole United States who could do more.

Mrs. Alice Sandlin, our popular telephone operator has three sons and one daughter. Shortly after war was declared on Germany her eldest son, Walter Sandlin, who was at that time residing in Evansville, Ind., volunteered and is now in France with the aviation department of Uncle Sam's army. A short time later her second son, John Sandlin, who was only 18 years of age, volunteered in the infantry branch and is now serving under Old Glory in Sunny France. Last week her other son, who is just sixteen volunteered and is now at some of the cantonments getting ready to go over. During last spring, Miss Julia Sandlin, her only daughter, was married to Lieut. Robert L. Almon, who was also a volunteer.

Thus it will be seen that with only four children and all of them volunteers in the service it makes the family truly one hundred per cent patriotic. Moulton is proud of the Sandlin boys and Mrs. Sandlin is to be congratulated upon having boys who were quick to realize their duty to their country and help to subdue the terrible Hun. Here's hoping that they may all return to be a comfort to their mother in her declining years.

## JOHN H. BANKHEAD.

John H. Bankhead, often referred to as "Alabama's grand old man," has been returned to the United States Senate by a vote that strikingly attests his popularity throughout the commonwealth. It also indicates his vote in favor of the ratification of the prohibition amendment has not in any way impaired the hold which he has upon the people.

As the father of the federal good roads movement and as one of the consistent advocates of the location of the government nitrate plant at Muscle Shoals, Senator Bankhead had a strong claim upon North Alabama. The vote makes it plain that his work in behalf of this section was appreciated. Capt. White, his opponent, is one of the few survivors of the Civil War, an able and honest man, held in the highest confidence and esteem. That he should have been defeated spells nothing more than that the voters of Alabama felt that Senator Bankhead was entitled to round out his public career by again being returned to the American forum.

## TO THE VOTERS OF ALBANY—GREETING:

The state primary for the nomination of state and federal officers for the ensuing terms having come and gone, it is now in order to turn our attention to the municipal campaign that is now close upon us.

The city convention for the nomination of officers to serve in their several official duties for ensuing two years is set for Saturday night, Aug. 17, 1918, at the city hall, at 8 o'clock. The officers placed in nomination at this convention are for mayor, president of the board and chief of police, the aldermen to represent their wards having been nominated at preceding mass meetings in each ward acting simultaneously.

Before the city convention there will be three self-announced candidates' names presented for nomination for mayor, two of which have already received the honors for the third time, and there does not appear in their official records any grave reasons why they should be continued in office. Were there, there would be a unanimous call from the voters of the town for their return to office for the good of the service, but not so.

The writer is also a candidate. The two first mentioned have it over me on "avoirduis," I am willing to concede, but in point of patriotism and ability to administer the affairs of state I will not concede the margin of a chalk line to either in natural ability and doer of things. Now, from this point of view, isn't it but fair to compare the civilian records of each of the contestants for the high honors sought. If either of my opponents has done as much or more than I for the upbuilding of the town, I challenge him or them to show it up. I do not care to specialize my activities, but in point of executive ability I would refer to any voter who cares to make the investigation to Mr. B. Crawford and Dr. M. W. Murray, with whom I served on the board of mayor and aldermen during the darkest days encountered by the municipality, then called "Town of New Decatur." Also in my school association with the board of school trustees—Mr. W. A. Bibb, then, as now, president of the board. Though I don't believe anyone would question my ability, still it's not "mal apropos" to refer to my former association in municipal affairs at a time that tried men's souls.

In the race for mayor it will be a triangular fight. I am placed between the "devil and the blue sea," as it were, "attacked on the one flank" by poisoned gas bombs, on the other by a "barage of machine guns." Now, if my friends will come to my rescue they will live me over the top somewhat "damaged and disfigured" but not beyond repair, by a handsome plurality, if not a majority.

I am informed by good authority that the consensus of opinion of the fair-minded, intelligent voter of the town that by right the honors of mayoralty should fall to my lot for one term, which is all I ask, as a tribute and endorsement of loyalty and service for the town's best interests.

I would rather have one line of tribute while I am alive than a quarter page of obituary and banks of flowers after I am dead. Flowers soon wither and words forgotten after the print gets cold.

A last and parting word to the voters:—Don't be misled. If you believe the honor should come to me, then stand by your guns and vote your honest convictions, though the heavens fall. Remember this is the last chance. Age will preclude me ever offering again and I really would like to round out my active business career as chief executive of the town I helped to build. My opponents have the advantage of me in age to the extent of a score of years to a score and ten. Then then can well afford to stand aside for the short term of two years.

After the nominations I shall, so far as I can, without making too heavy draft on my vitality, make a personal canvass. Up to this time I haven't turned a wheel, while my opponents have been busy getting pre-election promises, which, of course, they have a right to do, but while doing this they ought not attack my defenceless condition, but give me a square deal.

Respectfully,  
CHAS. BASSETT.

## HUGE REVENUE BILL IS NEARLY READY

(International News Service)

Washington, Aug. 16.—After two months work, the \$8,000,000,000 war revenue bill was practically completed by the House ways and means committee today. One lone decision remains to be made—whether the committee shall accept the McAdoo war tax profits plan, or cling to the Kitchen system.

As the bill stands today it will bring half a billion dollars less than the \$8,000,000,000 minimum. Indications were today that the McAdoo plan will be accepted.

The income taxes under the new plan will range from 3 per cent on incomes of from \$5,000 to \$7,000 per year to taxes of 75 per cent on incomes exceeding \$5,000,000 per year. Automobile owners of cars of less than 23 horsepower are taxed \$10; 23 to 30 horsepower, \$20; 31 to 40 horsepower, \$30; over 40 horsepower \$50. In addition the owner of a gas car must pay 2 cents tax on every gallon of gasoline. Electric cars pay \$5 per horsepower and 50 cents for each 100 pounds of weight.

A tax of \$10 must be paid by each retail establishment doing a business of more than \$2,000 per year. This also applies to professional men. The tobacco tax is doubled.

## DIZZY—WRECKED HIS AUTOMOBILE

"Two years ago my stomach trouble got so bad that I was almost constantly filled with gas. This made me very dizzy at times. Last fall I was almost overcome by one of these dizzy spells while driving my car, and ran it into a telephone pole, badly wrecking the car. A friend recommended Mayr's Wonderful Remedy for my trouble. Since taking the first dose I have steadily improved, and feel better now than ever in my life." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

## Mileage Scrip to be Issued August 20

Director General McAdoo of the United States railroad administration has issued a circular letter announcing the issuance by the Louisville and Nashville Railroad Company, beginning August 20, of a new form of scrip books, interchangeable with any other railroad.

Scrip books were adopted by the United States railroad administration at the time the issuance of mileage books was discontinued two or three months ago, but none had been issued by the Louisville and Nashville.

These new scrip books, to be issued August 20, will be good for \$30 in transportation, and on September 15 another scrip book good for \$15 will be placed on sale. The \$30 book will contain 980 coupons of the value of 3 cents each, and 60 coupons of the value of 1 cent each. The \$15 book will contain 490 coupons of the value of 3 cents each and 30 coupons of the value of 1 cent each. The war tax must be paid at the time the books are sold. On the \$30 books the war tax will be \$2.40 and on the \$15 book \$1.20.

## No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

**Strong, Successful Men of This Country  
Go to Church. Why Don't You?**

THE example that is set when a strong, successful man GOES TO CHURCH is more potent than the most eloquent sermon.

And, to the credit of the strong, successful men in this country, let it be said that the great majority GO TO CHURCH. When you GO TO CHURCH next Sunday take a look about you. You'll find that the pews are occupied by the real worth while men of the community.

STILL, THERE ARE MEN WHO WILL INTIMATE THAT THE CHURCH IS FOR WOMEN AND WEAKLINGS. THOSE WHO STAY AWAY ARE THE WEAKLINGS. THE GREAT LEADERS IN EVERY LINE OF ENDEAVOR INVARIABLY HAVE BEEN MEN OF DEEP RELIGIOUS CONVICTIONS. SOME OF THE MEN WHO ARE DISPOSED TO TREAT LIGHTLY THE GO TO CHURCH MOVEMENT, WHEN ASKED IF THEY BELIEVE IN GOD, BECOME INDIGNANT. OF COURSE THEY BELIEVE IN A SUPREME BEING. THEY WILL NOT DENY THAT THE CHURCH IS THE HOUSE OF GOD. STILL, WITH THEIR PROFESSED BELIEF IN A GOD AND THEIR ACKNOWLEDGMENT THAT THE CHURCH IS THE HOUSE OF GOD, THEY DO NOT GO TO CHURCH.

Going to church does not entail any great inconvenience. It doesn't require any great sacrifice. All that is required is a VERY SMALL PART OF ONE DAY IN SEVEN. The man or woman who professes Christianity and does not GO TO CHURCH Sunday is not practical in his belief. Ask any person who is a regular attendant how he feels when he misses divine worship.

There isn't a hamlet in the United States that has not been reached by the GO TO CHURCH movement. The response to the GO TO CHURCH appeal was spontaneous. Hundreds of thousands who, while they never had lost their religion, but had grown careless and indifferent, were roused. Now that the praiseworthy movement is swinging, keep it so. Be as enthusiastic today as you were on the first day that you enrolled in the GO TO CHURCH movement.

Talk up GO TO CHURCH every chance that offers.

**THE FUNSTON DOUBLE TRACK.** (By Willard Wattles of The Vigilantes.)

(Mr. Wattles is stationed at Infantry No. 1, 164th Depot Brigade, Camp Funston.)

(On the way to Funston when troop trains pass, the men going in different directions reach out and slap hands.)

The trains that move to Funston Run on a double track And fast as new recruits come down The old recruits go back, And some are queerly dressed In all the odd disguises Of gaudy shirt and vest.

The trains that come from Funston Go rushing to the east Across the greening corn land Where harvesting has ceased, And every train that passes Is thunderous with noise Each window overflowing With ruddy, laughing boys.

The trains that go to Funston Move steady to the west Freightened with equal cheering, With equal honor blessed; And as the trains are passing The men reach out their hands And at the touch electric Each rookie understands.

"You'll like it, boy, you'll like it," The lads in khaki shout: "Hey, bo, where are you going?" "Don't know, we'll soon find out," A touch, a laugh, a passing "I'll meet you coming back;" Where trains go down to Funston Upon the double track.

From Bunker Hill to Vicksburg, From Washington to Lee, Still speaks the dauntless laughter That keeps a nation free; The voice of intercession Still rings for sorrowing lands As stern as that May morning When Dewey swept the sands.

Dead hands across the mountains, Brave hands across the years, Still lift the sword of battle, Still soothe the ancient tears; For there are fields in Flanders With hate and horror black Oh, it's fine to ride to Funston Upon the double track.

## COMMUNITY SING

Last evening a number of people gathered on the well-lighted lawn of the Y. M. C. A. to enjoy the community sing. This government measure to spread patriotism. Miss Bassett, the appointee was in charge last evening, and there was an excellent response under the new regulations. The work seemed especially to swing well when the chorus of the solo sung by Mrs. Frank G. Cook was used as a community work, the people responding beautifully, even after leaving the grounds it was hummed and whistled in all parts of the town as the singers wended their way homeward. At the request of Miss Bassett Mr. Miller has consented to handle the music locally, for the sing, so that any desiring to purchase it can do so easily. Mr. Farmer to raise more FOOD supply. Mr. Laborer to put in SIX full days a week. Mr. Merchant to furnish the necessary needs, but advise your customers to economize—"One hand washes the other."

Henry wants to help; so suggest, if you have a suit or overcoat that will carry you through the fall and winter, get it out, clean it, hang it up, and when ready—wear it.

If you must have a suit or overcoat, buy a good one. It's economy, it's helping "the boys; because one good suit will outwear three cheap ones. Conserve more wool, save more labor, and save your dollars.

## It Shouldn't Be Necessary to Ask Fathers to Go to Church

THIS GO TO CHURCH appeal is made particularly to fathers of families and to the young men who are seeking a future. It shouldn't be necessary to ask the man who has a growing son or daughter to GO TO CHURCH. Ordinary common sense teaches him that if he wants his children to tread the path of righteousness he'll show them a good example by GOING TO CHURCH on Sunday. There isn't a Christian father who will ask his boy or girl to stay away from church. He likes to see them at divine service. That boy or girl will do some tall thinking, however, when he or she doesn't see the father in church.

FOR THE YOUNG MAN GOING TO CHURCH IS A POSITIVE ASSET. HIS EMPLOYER WILL SOON HEAR THAT HE IS GOD FEARING AND UPRIGHT. HE WILL KNOW THAT THE YOUTH IS HONEST AND OF STEADY HABITS. IF THERE IS A CHANCE FOR ADVANCEMENT THE CHURCH GOING YOUNG MAN OF STEADY HABITS IS SURE TO BE THE FIRST CONSIDERED. IF THERE IS A SOCIAL FUNCTION TO WHICH THE BEST PEOPLE IN TOWN ARE INVITED THE CHURCH GOING YOUNG MAN IS SURE OF AN INVITATION.

Before the country wide GO TO CHURCH movement was launched NINETY PER CENT OF THE CHURCHGOERS WERE WOMEN. Today 25 per cent of the regular church attendants are men. The men have responded nobly. In most communities FATHERS OF FAMILIES were the first to heed the call. The young men, however, have not responded as they should. Some young men flippantly declare that "the church is all right for old men and women." Young man, as a boy you went to Sunday school. As a boy you went to church. If you needed the church and the Sunday school when you were a boy you certainly need them now that you are grown to manhood and are beset by the temptations of the world.

If you are the father of a family GO TO CHURCH because of the example it will set your children. If you are a young man GO TO CHURCH, because churchgoing will prove the most beneficial influence in your life.

## AMUSEMENTS

### "THE DEVIL" AT THE MA- SONIC THEATRE TONIGHT

There has been many great plays written in the past few years but without doubt "The Devil" has created more comment than any. When first produced it met with such tremendous success that three different theatres in New York made special versions and gave elaborate productions of "The Devil" and each theatre was crowded to capacity nightly. Of course "The Devil" is supposed to be that which is created in people's minds, but in the play he appears as a person in the shape of a human being under the name of Dr. Miller and influences the people as he wishes. Mr. Edward Doize who will play the part of Dr. Miller, played the same part with one of Belasco's road companies and a beautiful production is assured. The most wonderful play ever offered at 25c, 35c, and 50 cents, and those who fail to see "The Devil" will miss a real dramatic treat. Saturday night, "Under Cover," Special Saturday matinee at 3:30, "The Game," 15 and 25 cents.

## SHERIFF WATTS IS KILLED BY OUTLAW

Tuscaloosa, Ala., Aug. 16.—Sheriff Watts of Tuscaloosa county was shot and instantly killed Thursday afternoon eight miles north of here by Doc Bingham, a notorious outlaw and moonshiner. The outlaw also shot and seriously wounded Deputy Jerner Robertson. Sheriff Watts and his deputy accompanied by two federal revenue officers were on a raid of a wildcat till in the northern part of the county and had captured two, but had failed to catch the operators and were bringing the stills in when they ran up on Bingham at a country store. When about 20 paces away, Bingham opened fire with a shotgun loaded with buckshot. The first shot hit Sheriff Watts in the breast killing him instantly. Bingham then turned on Deputy Robertson and would have shot him in the breast but the deputy dodged as he fired and the charge struck him in the shoulder. The revenue officers opened fire on Bingham with revolvers, but he managed to make a getaway in the hills. Whether he was wounded or not was not known. Doc Bingham has a long criminal career in this county. He was sent to the penitentiary several years ago for murdering a negro and burning houses. He escaped and returned to the county. About two years ago he was surrounded and captured, after he had been wounded and one of his sons killed. He was sent back to the penitentiary, but again effected an escape and since has been in hiding among friends and relatives in the hills.

## Food For the Liver

Have you ever thought of medicine as food—the same as meat or potatoes? Yet that is what it really is. "Sodium Bi-carbonate" sounds rather threatening as a medicine, yet all housewives use baking soda in their cooking every day.

An eminent Specialist has said that every organ of the body has the power to take that nourishment which makes it grow and remain healthy. Thus there are certain herbs, fruits and plants which the liver shows a fondness for. They stimulate the liver just as food strengthens and stimulates the whole body. These we call liver medicines or liver tonics.

By investigation it has been found that several of these vegetable products, combined with Pepsin, form an admirable liver food. They have accordingly been prepared in pleasing, tasty form, and are sold under the name "333 Liver Tonic." They are powerful enough, but gentle in action, and are never habit forming. Many people have been delighted to learn that 333 Liver Tonic provides a safe and pleasant substitute for calomel, salts, castor oil and other drastic and disagreeable purgatives. Children take it with pleasure.

Dillehay Brothers and other good druggists sell 333 Liver Tonic in big fifty-cent packages. You will find it just what you need for constipation or sluggish liver. Try it on their guarantee of satisfaction or money refunded. Do not accept a substitute. All good drug stores are glad to sell and recommend 333 Liver Tonic.
